

Structural drawing of a building section showing a longitudinal cross-section. The drawing includes dimensions for height and length, and a section line B1.

Height dimensions (from bottom to top):

- +0.100 (Foundation level)
- +6.960 (Roof level)
- +8.250 (Roof peak level)

Length dimensions (from left to right):

- 6000 (Repeating unit length)
- 54000 (Total length)

Section line B1 is indicated by a vertical line with arrows at both ends, passing through the structure.

The drawing is a detailed architectural section of a building facade. It features a series of vertical columns defining bays. The ground level is marked as +0.100. The roof level is marked as +8.250. A secondary level is marked as +6.960. The facade shows three distinct sections with varying heights, each labeled 'B1' and '+4.600'. The horizontal dimensions are indicated as 6000 for each bay and a total of 54000 for the main section. The drawing includes a grid of columns numbered 1 through 10 from right to left.
